

# SETTING OFF SAFELY

SOME TIPS FROM

# ISEO<sup>®</sup>

ULTIMATE ACCESS TECHNOLOGIES

## CONTACT A SPECIALISED LOCKSMITH

For a general inspection of your home's security in order to understand any steps you need to take.

## USE A CYLINDER WITH SECURITY CARD

Only those persons who are in possession of the original key and security card will be authorised to request further copies, and they will only be able to do so at an authorised centre.

## INSTALL A CONTROL SYSTEM THAT WORKS REMOTELY

So you can periodically check the status of the device and intervene promptly if necessary.

## CHOOSE A MOTORISED SELF-LOCKING DEVICE

To ensure that your security door always stays securely locked.

## INSTALL A STATE-OF-THE-ART MOTORISED ARMOURED DOOR LOCK

Capable of interfacing with a home automation system.

## EQUIP YOUR HOME WITH GRATINGS

One of the most traditional, effective rules.

## CLOSE DOORS AND WINDOWS PROPERLY

Especially on ground floor and multi-level dwellings.

## ASSIGN A TRUSTED PERSON TO PERIODICALLY COME BY AND CHECK THE HOUSE
